Public Vision Private Lives Rousseau Religion And 21st Century Democracy

Mark Sydney Cladis

Public Vision Private Lives Rousseau Religion And 21st Century Democracy:

Public Vision, Private Lives Mark Sydney Cladis, 2007 Mark S Cladis pinpoints the origins of contemporary notions of the public and private and their relationship to religion in the work of Jean Jacques Rousseau His thesis cuts across many fields and issues philosophy of religion women s studies democratic theory modern European history American culture social justice privacy laws and notions of solitude and community and wholly reconsiders the political cultural and legal nature of modernity in relation to religion Turning to Rousseau s Garden its inhabitants the Solitaires and the question of restoration and redemption that preoccupied much of Rousseau s thought Cladis examines how Rousseau addressed the tension between the joys and moral obligations of social engagement and the desire for solitude He was caught between two possibilities active involvement in the creation of an enlightened and humane society or extrication from social entanglements in favor of cultivating a spiritual interior life Yet Rousseau did not view this conflict as a desperate division Rather for him it was a moral struggle to be endured by those who had fallen from the Garden For this edition Cladis has added a substantive introduction that discusses the role of religion in contemporary democratic societies particularly in American public life Cladis proposes four models of thinking about religion in public and champions what he calls spiritual democracy a dynamic culturally specific and progressive democracy Cladis argues that spiritual democracy refers not only to a society s legal codes and principles but also to its democratic culture and symbols and its daily practices and institutions It encompasses the nation s character diverse identities and a distinctivel exchange between the nation s public vision and citizens complex private lives

Public Vision, Private Lives Mark Sydney Cladis, 2003 [The Turn to Transcendence](#) Glenn W. Olsen, 2012-07-30
Phenomenal A must read for us who desire to topple the dictatorship of relativism and culture of death and replace it with the only alternative The Imaginative Conservative Especially concerned with the public nature of religion historian Glenn W Olsen author of Christian Marriage A Historical Study and On the Road to Emmaus The Catholic Dialogue with American and Modernity sets forth an exhaustively researched and persuasive account of how religion has been reshaped in the modern period The Turn to Transcendence traces both the loss of transcendence and attempts to recover it while making its own proposals Neither reactionary nor modernist it questions how under conditions of modern life some form of the sacred and some form of the secular might both flourish at the same time But it also provides a warning that a religion unable to maintain itself with its own overt architecture language and calendars against an enveloping secular culture is destined for oblivion Glenn Olsen s book could hardly be more pivotal or insightful Confronting the growing amnesia regarding culture s religious origin and transcendent purpose Olsen proves both a masterful cartographer of modernity and a visionary of a culture that encourages and enables us to seek beyond ourselves Carl A Anderson Supreme Knight of the Knights of Columbus A brilliant book It rests on an amazing amount of scholarship that is wide ranging in history literature art science music theology and philosophy James Hitchcock professor of history St Louis University **Rousseau's God** John T.

Scott,2023-04-18 A landmark study of Rousseau's theological and religious thought John T Scott offers a comprehensive interpretation of Rousseau's theological and religious thought both in its own right and in relation to Rousseau's broader oeuvre In chapters focused on different key writings Scott reveals recurrent themes in Rousseau's views on the subject and traces their evolution over time He shows that two concepts truth and utility are integral to Rousseau's writings on religion Doing so helps to explain some of Rousseau's disagreements with his contemporaries their different views on religion and theology stem from different understandings of human nature and the proper role of science in human life Rousseau emphasizes not just what is true but also what is useful psychologically morally and politically for human beings

Comprehensive and nuanced Rousseau's God is vital to understanding key categories of Rousseau's thought Rousseau's Theory of Freedom Matthew Simpson,2006-03-08 Jean Jacques Rousseau has a claim to be ranked above even Karl Marx as the political philosopher who has most influenced everyday life His much read philosophy of education alone would qualify him for a high place but his political theory is even more important decisions affecting millions of people were made based on the reading of certain lines of the Social Contract Yet while politicians and scholars have studied this book for 250 years almost no agreement exists on how to interpret its central concept freedom Rousseau's theory of freedom has led him to be called everything from the greatest prophet of individual liberty to the designer of the first totalitarian state This book offers a new unifying interpretation of the theory of freedom in the Social Contract Simpson gives a careful analysis of Rousseau's theory of the social pact and then examines the kinds of freedom that it brings about showing how Rousseau's individualist and collectivist aspects fit into a larger and logically coherent theory of human liberty Simpson's book not only helps us to understand one of the pre eminent political minds of the 18th century but also brings us into closer conversation with those he influenced who have done so much to shape our world And in light of the interest in contemporary contractualist philosophers like Rawls Scanlon and Gauthier readers will find it worthwhile to return to the thinker who offers one of the most radical profound and insightful theories of the social contract ever devised *The Rousseauian Mind* Eve

Grace,Christopher Kelly,2019-01-17 Jean Jacques Rousseau 1712-1778 is a major figure in Western Philosophy and is one of the most widely read and studied political philosophers of all time His writings range from abstract works such as *On the Social Contract* to literary masterpieces such as *The Reveries of the Solitary Walker* as well as immensely popular novels and operas *The Rousseauian Mind* provides a comprehensive survey of his work not only placing it in its historical context but also exploring its contemporary significance Comprising over forty chapters by a team of international contributors the Handbook covers The predecessors and contemporaries to Rousseau's work The major texts of the system Autobiographical texts including *Confessions* *Reveries of the Solitary Walker* and *Dialogues* Rousseau's political science The successors to Rousseau's work Rousseau applied today Essential reading for students and researchers in philosophy Rousseau's work is central to the study of political philosophy the Enlightenment French studies the history of philosophy and political theory

Political Thinking, Political Theory, and Civil Society Steven M DeLue, Timothy Dale, 2015-09-04 A comprehensive overview of the Western tradition of political thought that approaches concepts with the aim of helping readers develop their own political thinking and critical thinking skills This text is uniquely organized around the theme of civil society what is the nature of a civil society why is it important that will engage students and help make the material relevant Major thinkers discussed in the text are explored not only with the goal of understanding their views but also with an interest in understanding the relationship of their ideas to the notion of a civil society DeLue contends that a civil society is important for securing the way of life that most of us value and want to preserve a way of life that allows people to live freely and place significance on their own lives *Creolizing Rousseau* Jane Anna Gordon, Neil Roberts, 2014-12-17 In 1967 C L R James the much celebrated Afro Trinidadian Marxist stated that he knew of no figure in history who had such tremendous influence on such widely separated spheres of humanity within a few years of his death as the eighteenth century philosopher Jean Jacques Rousseau While this impact was most pronounced in revolutionary politics inspired by political theories that rejected basing political authority in monarchy aristocracy and the Church it extended to European literature to philosophies of education and the articulation of the social sciences But what particularly struck James about Rousseau was the strong resonance of his work in Caribbean thought and politics This volume illuminates these resonances by advancing a creolizing method of reading Rousseau that couples figures not typically engaged together to create conversations among people of seemingly divided worlds in fact entangled by colonizing projects and histories Doing this enables us to grapple with the meaning of creolization and the full range of Rousseau s legacies not only in contemporary Western Europe and the United States but in the Francophone colonies territories and larger Global South *Divine Discontent* Jonathon S. Kahn, 2011-08-12 Jonathon Kahn offers a fresh and controversial reading of W E B Du Bois showing how Du Bois consciously marshals religious rhetoric concepts typologies narratives virtues and moods in order to challenge the traditional Christian worldview **Rousseau and Hobbes** Robin Douglass, 2015-02-12 Robin Douglass presents the first comprehensive study of Jean Jacques Rousseau s engagement with Thomas Hobbes He reconstructs the intellectual context of this engagement to reveal the deeply polemical character of Rousseau s critique of Hobbes and to show how Rousseau sought to expose that much modern natural law and doux commerce theory was despite its protestations to the contrary indebted to a Hobbesian account of human nature and the origins of society Throughout the book Douglass explores the reasons why Rousseau both followed and departed from Hobbes in different places while resisting the temptation to present him as either a straightforwardly Hobbesian or anti Hobbesian thinker On the one hand Douglass reveals the extent to which Rousseau was occupied with problems of a fundamentally Hobbesian nature and the importance to both thinkers of appealing to the citizens passions in order to secure political unity On the other hand Douglass argues that certain ideas at the heart of Rousseau s philosophy free will and the natural goodness of man were set out to distance him from positions associated with Hobbes

Douglass advances an original interpretation of Rousseau's political philosophy emerging from this encounter with Hobbesian ideas which focuses on the interrelated themes of nature free will and the passions Douglass distances his interpretation from those who have read Rousseau as a proto Kantian and instead argues that his vision of a well ordered republic was based on cultivating man's naturally good passions to render the life of the virtuous citizen in accordance with nature

Public Vision Private Lives Rousseau Religion And 21st Century Democracy Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable.
