Public Service Broadcasting:

Public Service Broadcasting in the Age of Globalization Indrajit Banerjee, Kalinga Seneviratne, 2006 Takes a scholarly perspective aimed at creating debate about the role and function of public service broadcasting at a time that it is facing a variety of threats from governments and from commercialization of broadcasting This book gives a global perspective on the state of public service broadcasting in the age of globalization

Public Service Broadcasting in Transition Monroe Edwin Price, Marc Raboy, 2003-01-01 Few will deny that public service broadcasting that is controlled neither by the state nor by private media corporations is an essential ingredient in modern democracy But as a number of initiatives in transition economies have shown the inception and development of a strong public broadcasting system is a Herculean task that is easily sidetracked by politics or ideology or stalled by lack of funding Especially when state budgets are stretched the expense is hard to justify This collection of documents comments and cases brings all the major issues in public service broadcasting policy into focus and sets the problems to be addressed in sharp relief It draws on white papers from NGOs and broadcasters legislation from a wide range of countries and a model law accounts of public broadcasting efforts in transition states analyses of evolving policy in established systems government regulatory guidelines and a great deal more Among the matters touched upon are the following the principles of public service broadcasting and their cultural and economic justification limiting state interference the place of public broadcasting in a multi channel market driven world the appropriate mix of public and private revenues objectivity and impartiality in broadcasting how institutional structures can shape programming strategies the use of competition law to adjust relations between public and private broadcasting EU accession standards for public service broadcasting and the impact of digital broadcasting Broadcast professionals students and teachers in communications and related fields government officials interested in strengthening public service broadcasting and keeping pace with rapid developments all will benefit enormously from this thoughtful and informative book It will allow them to think well beyond the standard formulae about the function of public service broadcasting and its role in society

Public Broadcasting for the 21st Century Marc Raboy, 1996 This study examines the situation of public broadcasting worldwide in a number of different contexts from a variety of thematic perspectives The result is a global report on the question of public service broadcasting

The Decline and Fall of Public Service Broadcasting Michael Tracey, Professor and Director Center for Mass Media Research Michael Tracey, Cat, 1998 The central issue of Michael Tracey's study is that public service broadcasting sadly has a limited future and that this is an indication of a real and deep seated crisis within liberal democratic systems

The Television Studies Reader Robert Clyde Allen, Annette Hill, 2004 A discussion of a truly international range of television programs this title covers alternative modes of television such as digital and satellite

McQuail's Mass Communication Theory Denis McQuail, 2010-02-28 Denis McQuail's Mass Communication Theory is not just a seminal text in the study of media and society it is a benchmark for understanding and

appreciating the long and winding road people and their media have taken to get us here Mark Deuze Indiana University and Leiden University This is a unique work tested by time and generations of students around the world North South East and West Kaarle Nordenstreng University of Tampere McQuail's Mass Communication Theory continues to be the clearest and best introduction to this sprawling field Anders Hansen University of Leicester With over 125 000 copies sold McQuail's Mass Communication Theory has been the benchmark for studying media and communication for more than 25 years It remains the most authoritative and comprehensive introduction to the field and offers unmatched coverage of the research literature It covers everything a student needs to know of the diverse forms of mass communication today including television radio newspapers film music the internet and other forms of new media Denis McQuail shows that more than ever theories of mass communication matter for the broader understanding of society and culture Unmatched in coverage and used across the globe this book includes Explorations of new media globalization work economy governance policy media audiences and effects New boxed case studies on key research publications to familiarize students with the critical research texts in the field Definitions examples and illustrations throughout to bring abstract concepts to life McQuail's Mass Communication Theory is the indispensable resource no student of media and communication studies can afford to be without The Cultural Industries David Hesmondhalgh, 2007-04-25 The first edition of The Cultural Industries moved us irrevocably past the tired debates between political economy and cultural studies approaches This second edition takes on new and vital targets for example claims that the Internet is replacing television in everyday media consumption In the process Hesmondhalgh provides us with an essential toolkit for making critical sense of the digital media age and our places within it Nick Couldry Goldsmiths College University Of London This book sets a valuable standard for communication studies Hesmondhalgh integrates cultural research with political economy organizational sociology with public communication policy studies global with comparative analysis and intellectual property law with technology changes I've successfully taught graduate and undergraduate courses in the USA and France using the first edition and this one is better still John D H Downing Global Media Research Centre Southern Illinois University Praise for the first edition This lucid careful and sophisticated book orders the entire field for the US as well as Europe and at one stroke becomes the state of the art the standard Todd Gitlin Columbia University USA This book is a powerful antidote to journalistic hype about change in the cultural industries Significantly expanding updating and revising an acclaimed first edition published in 2002 it analyses how why and in what ways cultural production has changed since the 1980s guides the reader through existing approaches scrutinises facts and debates about the role of culture and creativity in modern societies provides new material on copyright cultural policy celebrity power the digital distribution of music and many other issues Like its predecessor this exciting new edition of The Cultural Industries places transformation in the cultural industries in long term political economic and cultural context In doing so Hesmondhalgh offers a distinctive critical approach to cultural production drawing on political economy

perspectives but also on cultural studies sociology and social theory **Tomorrow's Delivery of Audiovisual Services**
Kathrin Berger, European Audiovisual Observatory, 2005 This IRIS Special issue follows a dual goal first to survey the current state of digital television and second to focus on the latest forms in which media content is being offered *Media and Power* James Curran, 2012-12-06 In this major new book James Curran addresses three key questions about media power How much power do the media have Who really controls the media What is the relationship between media and power in society Public Service Broadcasting Dave Atkinson, Unesco, 1997 This is a study of public service broadcasting which explores how it can maintain and strengthen its legitimacy against the dictates of a market driven logic and contribute to social and cultural development It features case studies from 16 countries both industrial and developing
