Pundits Folly:

The Pundit's Folly Sinclair Ferguson, 2024-10-09 The world is a sea of glass a pageant of fond delight a theatre of vanity a labyrinth of error long heaviness short joy Man's search for meaning and satisfaction apart from God is as old as humanity itself In this succinct and beautifully written meditation on the Book of Ecclesiastes Sinclair Ferguson highlights the inevitable emptiness and folly of such a life But he also points us to the solution that Solomon could see only dimly hope and purpose through Jesus Christ

The Pundit's Folly Sinclair B. Ferguson, 1996-04-01 In this spectacle of words the world is a sea of glass a pageant of fond delight a theatre of vanity a labyrinth of error a gulf of grief a sty of filthiness a vale of misery a spectacle of woe a river of tears a stage of deceit a cage full of devils a den of scorpions

The Pundit's Folly Random House, 2000-01-01

The Royal Bank Letter, 1998

The Political Pundits Dan Nimmo, James E. Combs, 1992-05-21 Nimmo and Combs discuss the key role political analysts play their methods and strategies and the potential danger they pose to American democracy by transforming it into a punditocracy which replaces serious citizen debate with discussion guided by show business values Punditry Nimmo and Combs argue produces symbolic rather than effective healing of political ills

political paternalism rather than political reflection and in the end public disenchantment with politics

Pseudoscience Brian Regal, 2009-10-15 More than just a collection of factual entries this rich resource explores the difference between scientific and pseudoscientific pursuits in a way that spurs readers to ask questions and formulate answers What makes science science How do we tell which assertions beliefs and methods are scientifically sound and which are not Brian Regal's authoritative entertaining new reference Pseudoscience A Critical Encyclopedia gets at the heart of these questions by helping readers understand how the scientific method works how to critically analyze all kinds of evidence and how to sort through long running myths and current pseudoscience controversies Ranging from the dawn of history to the present and across world cultures Pseudoscience uses a field of endless fascination as a means of driving home the importance of solid scientific reasoning The encyclopedia spans the full spectrum of scientific and nonscientific pursuits from chemistry biology psychology and medicine to eugenics religion cryptozoology the occult and paranormal activities Specific entries focus on general concepts of science the lives of individuals and claims of abilities Throughout these entries go beyond simply stating facts by constantly engaging readers in a discussion about the very nature of true scientific discovery

How to Be Like Walt Pat Williams, 2004-08 An inspiring biography of one of the most influential and beloved figures of the 21st century based on more than a thousand interviews I've read every book that has ever been written about Walt Disney going back to some that were published in the 1930s How to Be Like Walt is by far the most enjoyable to read of them all Tim O Day Disney Scholar How to Be Like Walt is a fitting tribute to Walt's memory and an important contribution to the Disney legacy Now more than ever we need people with the qualities Walt had optimism imagination creativity leadership integrity courage boldness perseverance commitment to excellence reverence for the past hope for tomorrow and faith in God Art

Linkletter How to Be Like is a character biography series biographies that also draw out important lessons from the life of their subjects In this new book by far the most exhaustive in the series Pat Williams tackles one of the most influential people in recent history While many recent biographies of Walt Disney have reveled in the negative this book takes an honest but positive look at the man behind the myth For the first time the book pulls together all the various strands of Disney s life into one straightforward easy to read tale of imagination perseverance and optimism Far from a preachy or oppressive tome this book scrapes away the minutiae to capture the true magic of a brilliant maverick

The Baptist children's magazine (ed. by J.F. Winks). Joseph Foulkes Winks,1853

The Historians' Paradox Peter Charles Hoffer,2010-08-02 How do we know what happened in the past We cannot go back and no amount of historical data can enable us to understand with absolute certainty what life was like then It is easy to demolish the very idea of historical knowing but it is impossible to demolish the importance of historical knowing In an age of cable television pundits and anonymous bloggers dueling over history the value of owning history increases at the same time as our confidence in history as a way of knowing crumbles Historical knowledge thus presents a paradox the more it is required the less reliable it has become To reconcile this paradox that history is impossible but necessary Peter Charles Hoffer proposes a practical workable philosophy of history for our times one that is robust and realistic and that speaks to anyone who reads writes and teaches history The philosophy of history that Hoffer supports in The Historians Paradox is driven by a continual and careful search for the authentic but without confining the real to a finite or closed set of facts Hoffer urges us to think and live with a keen awareness that history is everywhere to accept the impossibility of measuring its reliability but to never approach it unquestioningly Covering a sweeping range of philosophies from ancient history to game theory methodological approaches to writing history and the advantages and disadvantages of different strategies of argument Hoffer constructs a philosophy of history that is reasonable free of fallacy and supported by appropriate evidence that is itself tenable The Historians Paradox brings together accounts of actual historical events anecdotes about historians insights from philosophers of history and the personal experience of a long time scholar and teacher Throughout Hoffer liberally spices the mixture with humor to create a philosophy of history for our times publisher
