John Pratt

Punishment And Civilization Penal Tolerance And Intolerance In Modern Society:

Punishment and Civilization John Pratt, 2002 Punishment and civilization examines how a framework of punishment that suited the values and standards of the civilized world came to be set in place from around 1800 to the late 20th century

Norbert Elias and Empirical Research T. Landini, F. Dépelteau, 2014-07-17 Norbert Elias has been recognized as one of the key social scientists of the 20th century at least in sociology political science and history This book will address Norbert Elias's approach to empirical research the use of his work in empirical research and compare him with other theorists

The SAGE Handbook of Punishment and Society Jonathan Simon, Richard Sparks, 2012-09-18 The project of interpreting contemporary forms of punishment means exploring the social political economic and historical conditions in the society in which those forms arise The SAGE Handbook of Punishment and Society draws together this disparate and expansive field of punishment and society into one compelling new volume Headed by two of the leading scholars in the field Jonathan Simon and Richard Sparks have crafted a comprehensive and definitive resource that illuminates some of the key themes in this complex area from historical and prospective issues to penal trends and related contributions through theory literature and philosophy Incorporating a stellar and international line up of contributors the book addresses issues such as capital punishment the civilising process gender diversity inequality power human rights and neoliberalism This engaging vibrantly written collection will be captivating reading for academics and researchers in criminology penology criminal justice sociology cultural studies philosophy and politics *Punishment and Control in Historical Perspective* H.

Johnston, 2008-10-24 Bringing together new research this book advances current theoretical understandings of punishment and control in society It provides a critical analysis of institutions punishment and the law and explores the delivery of punishment and experience of incarceration in Western societies from the early nineteenth century **The Cultural Lives**

of Capital Punishment Austin Sarat, Christian Boulanger, 2005-05-27 How does the way we think and feel about the world around us affect the existence and administration of the death penalty What role does capital punishment play in defining our political and cultural identity In this volume the authors argue that in order to understand the death penalty we need to know more about the cultural lives past and present of the state's ultimate sanction The New Punitiveness John Pratt, David

Brown, Mark Brown, Simon Hallsworth, Wayne Morrison, 2013-06-17 This book seeks to understand the increase in prisoners in the western world It brings together leading authorities in the field to provide a wide ranging analysis of new penal trends compare the development of differing patterns of punishment across different types of societies and to provide a range of theoretical analyses and commentaries to help understand their significance Peculiar Institution David

Garland, 2011-02-01 The U S death penalty is a peculiar institution and a uniquely American one Despite its comprehensive abolition elsewhere in the Western world capital punishment continues in dozens of American states a fact that is frequently discussed but rarely understood The same puzzlement surrounds the peculiar form that American capital punishment now

takes with its uneven application its seemingly endless delays and the uncertainty of its ever being carried out in individual cases none of which seem conducive to effective crime control or criminal justice In a brilliantly provocative study David Garland explains this tenacity and shows how death penalty practice has come to bear the distinctive hallmarks of America's political institutions and cultural conflicts America's radical federalism and local democracy as well as its legacy of violence and racism account for our divergence from the rest of the West Whereas the elites of other nations were able to impose nationwide abolition from above despite public objections American elites are unable and unwilling to end a punishment that has the support of local majorities and a storied place in popular culture In the course of hundreds of decisions federal courts sought to rationalize and civilize an institution that too often resembled a lynching producing layers of legal process but also delays and reversals Yet the Supreme Court insists that the issue is to be decided by local political actors and public opinion So the death penalty continues to respond to popular will enhancing the power of criminal justice professionals providing drama for the media and bringing pleasure to a public audience who consumes its chilling tales Garland brings a new clarity to our understanding of this peculiar institution and a new challenge to supporters and opponents alike

The Pleasure of Punishment Magnus Hörnqvist, 2021-03-18 Based on a reading of contemporary philosophical arguments this book accounts for how punishment has provided audiences with pleasure in different historical contexts Watching tragedies contemplating hell attending executions or imagining prisons have generated pleasure according to contemporary observers in ancient Greece in medieval Catholic Europe in the early modern absolutist states and in the post 1968 Western world The pleasure was often judged morally problematic and raised questions about which desires were satisfied and what the enjoyment was like This book offers a research synthesis that ties together existing work on the pleasure of punishment It considers how the shared joys of punishment gradually disappeared from the public view at a precise historic conjuncture and explores whether arguments about the carnivalesque character of cruelty can provide support for the continued existence of penal pleasure Towards the end of this book the reader will discover if willing to go along and follow desire to places which are full of pain and suffering that deeply entwined with the desire for punishment there is also the desire for social justice An accessible and compelling read this book will appeal to students and scholars of criminology sociology philosophy and all those interested in the pleasures of punishment

The Preventive Turn in Criminal Law Henrique Carvalho, 2017-04-28 This book presents a theoretical examination of the rise and expansion of preventive criminal offences that has gained momentum in Anglo American criminal justice since the late twentieth century It shows how recent transformations in criminal law and justice are intrinsically related to and embedded in the way liberal society and liberal law have been imagined developed and conditioned by their social political and historical contexts The book starts by identifying a tension within contemporary criminal law between the importance given to the expression of individual autonomy and responsibility and the perceived need for prevention as a condition for the security of autonomy and the promotion of welfare The book then traces this

tension back to an intrinsic ambivalence within the modern conception of individual liberty which is both repressed and preserved by liberal conceptions of responsibility and punishment It finds that it is this tension that ultimately grounds the rise of preventive criminal offences in recent times The Preventive Turn in Criminal Law engages with the main contemporary literature on criminal law prevention risk security and criminalisation by deploying a theoretical perspective from both classical and contemporary works of social and political theory including the works of Hobbes Locke Hegel and Bentham It does so in order to reveal that the pervasiveness of prevention in twenty first century criminal law not only represents the consequence of new and unprecedented features of contemporary politics and society but also embeds long established features of the liberal legal and political tradition

Penal Populism John Pratt, 2007-02-12 Following the USA in many Western countries over the last decade prison rates have increased while crime rates have declined This key book examines the role played by penal populism on this and other trends in contemporary penal policy

If you ally craving such a referred **Punishment And Civilization Penal Tolerance And Intolerance In Modern Society** ebook that will meet the expense of you worth, acquire the completely best seller from us currently from several preferred authors. If you desire to humorous books, lots of novels, tale, jokes, and more fictions collections are as a consequence launched, from best seller to one of the most current released.

You may not be perplexed to enjoy all ebook collections Punishment And Civilization Penal Tolerance And Intolerance In Modern Society that we will enormously offer. It is not regarding the costs.
