Pure Daughter:

Burning Down The House Rosemary Marangoly George, 2019-04-09 This book views domesticity through multiple frames and surveys the rhetoric and practices of domestication in contemporary cultures It also examines the consequences and costs of homemaking in various geographic and textual locations **The Meshalim in the Mekhiltot** Lieve M.

Teugels, 2019-04-09 This edition of rabbinic parables meshalim in the two Mekhiltot the tannaitic Midrashim to the book of Exodus 3rd century CE has a double scholarly purpose It offers a critical synoptic presentation and study of the textual witnesses of the parables and a commentary on their meaning and function in their literary and historical context Moreover a new English translation of every parable will make the edition a useful tool for interested readers with less knowledge of Hebrew or those merely looking for a quick reference This edition which intends to be the first in a series of editions of parables in all the tannaitic works is an indispensable tool not only for scholars of Jewish texts but also for students of the New Testament and early Christian literature historians of religion in late Antiquity and those interested in similar literary genres such as fables **Reciting America** Christopher Douglas, 2001 He explores how these novels and other texts

confront national discourse and strive though with inconclusive results to open America up to new subject positions by offering alternatives to the dominant ideology Douglas finds contemporary intellectual and political life against the backdrop of a mythology enshrined in proclamations pledges and public documents to be impoverished by the pervasive use of cliches which he identifies as figures of speech that stimulate emotion or action while shortcircuiting reflection In its extreme cliched form the American Dream consists of nothing more than advertising slogans and popular culture images yet these pronouncements retain a powerful hold on the will and imagination of U S citizens **The Cult of Divine Birth in Ancient**

Greece M. Rigoglioso, 2009-04-26 Greek religion is filled with strange sexual artifacts stories of mortal women s couplings with gods rituals like the basilinna s marriage to Dionysus beliefs in the impregnating power of snakes and deities the unusual birth stories of Pythagoras Plato and Alexander and more In this provocative study Marguerite Rigoglioso suggests such details are remnants of an early Greek cult of divine birth not unlike that of Egypt Scouring myth legend and history from a female oriented perspective she argues that many in the highest echelons of Greek civilization believed non ordinary conception was the only means possible of bringing forth individuals who could serve as leaders and that special cadres of virgin priestesses were dedicated to this practice Her book adds a unique perspective to our understanding of antiquity and has significant implications for the study of Christianity and other religions in which divine birth claims are central The book s stunning insights provide fascinating reading for those interested in female inclusive approaches to ancient religion

Women of Color Diane Long Hoeveler, Janet K. Boles, 2001-08-30 Beginning in the late 1960s women s studies scholars worked to introduce courses on the history literature and philosophies of women While these initial efforts were rather general women s studies programs have started to give increasing amounts of attention to the special concerns of women of

color The topic itself is politically charged and there is growing awareness that the issues facing women of color are diverse and complex Expert contributors offer chapters on the major concerns facing women of color in the modern world particularly in the United States and Latin America Each chapter treats one or more groups of women who have been underrepresented in women s studies scholarship or have had their experiences misinterpreted including African Americans Latina Americans Asian Americans and Native Americans Women of Color includes chapters on theories related to race gender and identity One section provides discussions of literature by women of color including works by such authors as Toni Morrison and Maxine Hong Kingston The book also focuses on the place of women of color in higher education including chapters on women of color and the women s studies curriculum and the role of librarians in shaping women s studies programs

TID. ,1960 *The Daughter's Way* Tanis MacDonald,2012-09-01 The Daughter s Way investigates negotiations of female subjectivity in twentieth century Canadian women s elegies with a special emphasis on the father s death as a literary and political watershed The book examines the work of Dorothy Livesay P K Page Jay Macpherson Margaret Atwood Kristjana Gunnars Lola Lemire Tostevin Anne Carson and Erin Mour as elegiac daughteronomies literary artifacts of mourning that grow from the poets investigation into the function and limitations of elegiac convention Some poets treat the father as a metaphor for socio political power while others explore more personal iterations of loss but all the poets in The Daughter s Way seek to redefine daughterly duty in a contemporary context by challenging elegiac tradition through questions of genre and gender Beginning with psychoanalytical theories of filiation inheritance and mourning as they are complicated by feminist challenges to theories of kinship and citizenship The Daughter s Way debates the efficacy of the literary work of mourning in twentieth century Canadian poetry By investigating the way a daughter s filial piety performs and sometimes reconfigures such work and situating melancholia as a creative force in women s elegies the book considers how elegies inquire into the rhetoric of mourning as it is complicated by father daughter kinship *Their Fathers' Daughters* Elizabeth Kowaleski-Wallace,1991 This study addresses what it means for a woman writer to identify strongly with her father by examining two late 18th century writers Hannah More and Maria Edgeworth *Women and Literature* Jolanda Cornish,2008-05 Essays exploring women s worlds using literary works diaries or travel narratives **Fundamentals of Radiochemistry** Mr. Ajeet Singh,2018-05-13 Examines the principles of radiochemistry including radioactivity nuclear reactions radiation detection and the applications of radioactive isotopes in medicine energy and scientific research

Daimonic Imagination Patrick Curry,William Rowlandson,2013-07-16 From the artistic genius to the tarot reader a sense of communication with another order of reality is commonly affirmed this other may be termed god angel spirit muse daimon or alien or it may be seen as an aspect of the human imagination or the unconscious in a psychological sense This volume of essays celebrates the daimonic presence in a diversity of manifestations presenting new insights into inspired creativity and human beings relationship with mysterious and numinous dimensions of reality In art and literature many visual and poetic

forms have been given to the daimonic intelligence and in the realm of new age practices encounters with spirit beings are facilitated through an increasing variety of methods including shamanism hypnotherapy mediumship and psychedelics The contributors to this book are not concerned with proving or disproving the existence of such beings Rather they paint a broad canvas with many colours evoking the daimon through the perspectives of history literature encounter and performance and showing how it informs and has always informed human experience **Fathers and Daughters in the Hebrew Bible**

Johanna Stiebert,2013-03-28 This book provides the fullest examination of father daughter depictions in the Hebrew Bible to date While father son depictions are more prominent there none the less exists a broad spectrum of metaphors myths legal texts and narrative accounts featuring daughters alongside fathers When this full range is taken into account instead of like many preceding approaches which have looked at more lurid examples like the narrative of Jephthah's sacrifice of his daughter or Lot's incest with his daughters in isolation it emerges that the daughter is depicted also in very affectionate terms The daughter is not invisible in the Hebrew Bible she emerges as an integral part of the family and occasionally at least as the most cherished and the most deserving of her father's protection *The Family Moskat* Isaac Bashevis

Singer,2007-04-03 The vanished way of life of Eastern European Jews in the early part of the twentieth century is the subject of this extraordinary novel All the strata of this complex society were populated by powerfully individual personalities and the whole community pulsed with life and vitality The affairs of the patriarchal Meshulam Moskat and the unworldly Asa Heshel Bannet provide the center of the book but its real focus is the civilization that was destroyed forever in the gas chambers of the Second World War **Annual Report of the Department of Agriculture, for the Province of Ontario**
