Hopis and the Counterculture Brian Haley, 2024-10-29 This book addresses how the Hopi became icons of the followers of alternative spiritualities and reveals one of the major pathways for the explosive appropriation of Indigenous identities in the 1960s It reveals a largely unknown network of Native non Indian and neo Indian actors who spread misrepresentations of the Hopi that they created through interactions with the Hopi Traditionalist faction of the 1940s through 1980s Significantly many non Hopis involved adopted Indian identities during this time becoming neo Indians Exploring the new social field that developed to spread these ideas Hopis and the Counterculture meticulously traces the trajectories of figures such as Ammon Hennacy Craig Carpenter Frank Waters and the Firesign Theatre among others Drawing on insights into the interplay between primitivism radicalism stereotyping and identity Haley expands on concepts from scholars such as Roy Harvey Pearce's notion of isolated radicals and Jonathan Friedman's observations regarding the ascendancy of primitivism amid global crises Haley scrutinizes the roles played by non Hopi actors and the timing behind the widespread popularization of Hopi religious practices

In Contemporary Rhythm Peter H. Hassrick, Elizabeth J. Cunningham, Ernest Leonard Blumenschein, 2008 The definitive retrospective on Ernest L Blumenschein 1874-1960 one of the founders of the Taos Society of Artists and perhaps the most accomplished of all the painters associated with that organization Reproducing masterworks from a new exhibit along with additional works and historical photographs this volume forms the most comprehensive assemblage of his paintings ever published

Dream Catchers Philip Jenkins, 2005-12-01 In books such as *Mystics and Messiahs* *Hidden Gospels* and *The Next Christendom* Philip Jenkins has established himself as a leading commentator on religion and society Now in *Dream Catchers* Jenkins offers a brilliant account of the changing mainstream attitudes towards Native American spirituality once seen as degraded spectacle now hailed as New Age salvation Jenkins charts this remarkable change by highlighting the complex history of white American attitudes towards Native religions considering everything from the 19th century American obsession with Hebrew Indians and Lost Tribes to the early 20th century cult of the Maya as bearers of the wisdom of ancient Atlantis He looks at the popularity of the Carlos Castaneda books the writings of Lynn Andrews and Frank Waters and explores New Age paraphernalia including dream catchers crystals medicine bags and Native themed Tarot cards He also examines the

controversial New Age appropriation of Native sacred places and notes that many white indians see mainstream society as religiously empty An engrossing account of our changing attitudes towards Native spirituality Dream Catchers offers a fascinating introduction to one of the more interesting aspects of contemporary American religion Lost Homelands Audrey Goodman,2022-02-08 Before the 1930s landscapes of the American Southwest represented the migrant s dream of a stable and bountiful homeland Around the time of the Great Depression however the Southwest suddenly became integrated into a much larger economic and cultural system Audrey Goodman examines how since that time these southwestern landscapes have come to reveal the resulting fragmentation of identity and community Through analyzing a variety of texts and images Goodman illuminates the ways that modern forces such as militarization environmental degradation internal migration and an increased border patrol presence have shattered the perception of a secure homeland in the Southwest The deceptive natural beauty of the Southwest deserts shields a dark history of trauma and decimation that has remained as a shadow on the region s psyche The first to really synthesize such wide ranging material about the effects of the atomic age in the Southwest Goodman realizes the value of combined visual and verbal art and uses it to put forth her own original ideas about reconstructing a new sense of homeland Lost Homelands reminds us of the adversity and dislocation suffered by people of the Southwest by looking at the ways that artists photographers filmmakers and writers have grappled with these problems for decades In assessing the ruination of the region however Goodman argues that those same artists and writers have begun to reassemble a new sense of homeland from these fragments Writing the Southwest David King Dunaway,Sara L. Spurgeon,2003 The accompanying CD provides excerpts from the interviews with the authors
