Congress. House. Committee on Interstate and Foreign Commerce, 1949 Tax-exempt Foundations United States. Congress. House. Special Committee to Investigate Tax-Exempt Foundations, 1954 Part 1 Investigates alleged violations of restrictions on political activities by tax exempt educational institutions and foundations Part 2 Contains submitted documents statements and letters **A Pure Theory of Democracy** Antonio García-Trevijano, 2009-09-30 This is not a democracy Antonio Garc a Trevijano denounces in the first pages of this book To confront the great lie that Europe does have democratic regimes a lie rooted in people s confounding of the liberties they enjoy with the political freedom that they lack the author builds a realistic theory of democracy to end the false idea that corruption state crime and public immorality are democracy s undesirable products and not the natural and inevitable fruits of oligarchic regimes Thanks to a superb review of the events that mark the history of democracy the author reveals the obstacles that from the 17th century English revolution the United States War of Independence and the French Revolution opposed political freedom deviating old Europe s democratic possibilities toward the current parties state There exist important theories of the state and of constitution but none that can be called a theory of democracy Antonio Garc a Trevijano s original theory a modern synthesis of Rousseau s pure democracy and Montesquieu s political freedom responds to European need for a theory of democracy as a real alternative to the corrupted parties regime that was engendered by Western pragmatism during the Cold War We Hold These Truths John Courtney Murray, 2005-07-14 The 1960 publication of We Hold These Truths marked a significant event in the history of modern American thought Since that time Sheed Ward has kept the book in print and has published several studies of John Courtney Murray s life and work We are proud to present a new edition of this classic text which features a comprehensive

introduction by Peter Lawler that places Murray in the context of Catholic and American history and thought while revealing his relevance today From the new Introduction by Peter Lawler The Jesuit John Courtney Murray 1904-67 was in his time probably the best known and most widely respected American Catholic writer on the relationship between Catholic philosophy and theology and his country's political life The highpoint of his influence was the publication of *We Hold These Truths* in the same year as an election of our country's first Catholic president Those two events were celebrated by a Time cover story December 12 1960 on Murray's work and influence The story's author Protestant Douglas Auchincloss reported that it was The most relentlessly intellectual cover story I've done His amazingly wide ranging and dense if not altogether accurate account of Murray's thought was crowned with a smart and pointed conclusion If anyone can help U.S. Catholics and their non-Catholic countrymen toward the disagreement that precedes understanding John Courtney Murray can Murray's work of course is treated with great respect and has had considerable influence but now it's time to begin to think of him as one of America's very few genuine political philosophers His disarmingly lucid and accessible prose has caused his book to be widely cited and celebrated but it still is not well understood It is both praised and blamed for reconciling Catholic faith with the fundamental premises of American political life It is praised by liberals for paving the way for Vatican II's embrace of the American idea of religious liberty and it is blamed by conservatives and traditionalists for obscuring the real conflicts between Catholicism and Americanism Both the liberal praise and the conservative blame are somewhat misguided The last thing Murray wanted to do is bring the church up to date with the latest currents in American thought He wanted to show how distinctively Catholic thought could illuminate the authentic American idea of liberty *We Hold These Truths* at least offers the hope that Catholic natural law thinking can bring together the religious devotion and moral concerns of the evangelicals with the devotion to reason and concern for scientific truth of the secular humanists It offers the hope of getting Americans really arguing again of holding again the truth that they are capable of engaging in the dialogue about the human good that is the foundation of any civil and civilized moral and political life Peter Augustine Lawler is professor of political science at Berry College in Georgia

Public Service Magazine, 1921 *Jesus of Nazareth* Pope Benedict XVI, 2011-02-16 For Christians Jesus of Nazareth is the Son of God who died for the sins of the world and who rose from the dead in triumph over sin and death For non-Christians he is almost anything else a myth a political revolutionary a prophet whose teaching was misunderstood or distorted by his followers Jesus of Nazareth is the Son of God and no myth revolutionary or misunderstood prophet insists Benedict XVI He thinks that the best of historical scholarship while it can't prove Jesus is the Son of God certainly doesn't disprove it Indeed Benedict maintains that the evidence fairly considered brings us face to face with the challenge of Jesus a real man who taught and acted in ways that were tantamount to claims of divine authority claims not easily dismissed as lunacy or deception Benedict XVI presents this challenge in his new book *Jesus of Nazareth Holy Week From the Entrance into Jerusalem to the Resurrection* the sequel volume to *Jesus of Nazareth*

From the Baptism in the Jordan to the Transfiguration Why was Jesus rejected by the religious leaders of his day Who was responsible for his death Did he establish a Church to carry on his work How did Jesus view his suffering and death How should we And most importantly did Jesus really rise from the dead and what does his resurrection mean The story of Jesus raises many crucial questions Benedict brings to his study the vast learning of a brilliant scholar the passionate searching of a great mind and the deep compassion of a pastor s heart In the end he dares readers to grapple with the meaning of Jesus life teaching death and resurrection Only in this second volume do we encounter the decisive sayings and events of Jesus life I hope that I have been granted an insight into the figure of Our Lord that can be helpful to all readers who seek to encounter Jesus and to believe in Him Pope Benedict XVI Congressional Record United States.
