Chouinard,2013-09-28 An exploration of mythological and archaeological evidence for prehistoric giants Examines the many corresponding giant mythologies throughout the world such as the Greek and Roman titans Norse frost giants and the biblical Nephilim Reveals recent finds of giant skeletons in the deserts of Saudi Arabia and India Explains how giants passed on their sophisticated culture and civilization to humanity before being wiped out in the great age of cataclysms and floods Giants are a cornerstone of the myths legends and traditions of almost every culture on Earth Stories of giants are often considered fantasies of the ancients or primitive attempts to explain natural phenomena but archaeological discoveries of 10 and 12 foot skeletons many of which have been suppressed confirm the existence of a forgotten golden age of giants before recorded history Patrick Chouinard examines the staggering number of corresponding giant mythologies throughout the world such as the Greek and Roman titans Norse frost giants the Hindu Daityas the biblical Nephilim the Celtic Formorach the Sumerian Anunnaki and the multitude of myths in which the sky or world is held aloft on the shoulders of a giant He links these stories to Atlantis as well as other legends of prehistoric civilizations lost to cataclysm and great floods whose survivors spawned the rise of ancient civilizations The author reveals how physical remains of giant size peoples have been found on almost every continent including recent finds in the deserts of Saudi Arabia Afghanistan and northern India as well as hundreds of excavations of giant mummies and skeletons across the United States corresponding directly with Native American accounts of red haired giants He also examines reports from famous explorers such as Magellan Sir Francis Drake and Desoto of their encounters with giants on the North American continent Revealing how giants represent the true earthborn race Chouinard explains how they engaged in open conflict with the extraterrestrial gods who created humanity for forced labor and how they passed their sophisticated culture and civilization on to humanity before being nearly wiped out in the great age of cataclysms *Ebony*,1978-02 EBONY is the flagship magazine of Johnson Publishing Founded in

1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **The Metaphysical World of Isaac Newton** John Chambers,2018-02-13 Newton s heretical yet incisive writings on theology spirituality alchemy and prophecy written in secret alongside his Principia Mathematica Shows how Newton s brilliance extended far beyond math and science into alchemy spirituality prophecy and the search for lost continents such as Atlantis Explains how he was seeking to rediscover the one true religion that existed prior to the Flood of Noah when science

and spirituality were one Examines Newton s alternate timeline of prehistory and his study of prophecy through the Book of Revelations including his prediction of Apocalypse in the year 2060 Isaac Newton 1643 1727 is still regarded by the world as the greatest scientist who ever lived He invented calculus discovered the binomial theorem explained the rainbow built the first reflecting telescope and explained the force of gravity In his famous masterpiece Principia Mathematica he described the mechanics of the physical universe with unimagined precision proving the cosmos was put together according to laws The perfection of these laws implied a perfect legislator To Newton they were proof that God existed At the same time Newton was writing Principia Mathematica he was writing a twin volume that he might have called had it been completed Principia Theologia Principles of Theology This other masterpiece of Newton kept secret because of the heresies it contained consists of thousands of essays providing equation incisive answers to the spiritual questions that have plagued mankind through the ages Examining Newton s secret writings John Chambers shows how his brilliance extended into alchemy spirituality the search for lost continents such as Atlantis and a quest to uncover the corrupted texts that were rife in the Bibles of his time Although he was a devout Christian Newton s work on the Bible was focused not on restoring the original Jewish and Christian texts but on rediscovering the one true religion that existed prior to the Flood of Noah when science and spirituality were one The author shows that a single thread runs through Newton s metaphysical explorations He is attempting to chart the descent of man s soul from perfection to the present day The author also examines Newton s alternate timeline of ancient history and his study of prophecy through the Book of Revelations including his prediction of an Apocalypse in the year 2060 followed by a radically transformed world He shows that Newton s great hope was that these writings would provide a moral compass for humanity as it embarked upon the great enterprise that became our technological world

Morris,2011-08-10 While in medical school which I did not have the privilege of completing once a week we had a small group discussion class called Focus On Problems Each group had a leader a member of the medical school staff or someone closely associated with the school usually an MD or Ph D Our group leader was Dean of the Medical School H David Wilson MD One class period focused on working with patients of different ethnic backgrounds Dr Wilson asked me what were some of the traditions of my tribe in regard to medicine that would be helpful for a doctor to know My reply was that I had been

raised like a white that I had grown up learning about various herbal and natural remedies but that I knew nothing about the specific medical traditions ceremonial or secular of my people I had always longed to know of the traditions of my people before that but circumstances of my family history had not allowed it That question in the Focus On Problems class caused that longing to intensify into a sharp pang of longing that would not be satisfied until many years later While in the first two years of medical school as a nontraditional student I was in an environment that encouraged the development of the knowledge of Native American traditions We had Native American speakers that came and elaborated on Native American traditions One area that was lacking was tribal histories but what academics label prehistory I commented to her that when white man came they did all they could to destroy our social and religious fabric so the old traditions were not passed down to most of the remaining members of the tribes Now we know nothing of our old history There is nothing left The white side of my family history is easy to know but not my Cherokee and Choctaw side She replied by saying that yes many of our peoples have lost their old traditions and it is sad
