They revived Scriptural, medieval, and early Renaissance notions of secrecy in their spiritual and profane literature to advance the reforms in church and society that they advocated. Erasmus, Briçonnet, and Marguerite expanded on Origenian, Augustinian, and pseudo-Dionysian concepts of divine mystery as being secret throughout their works. By developing the idea that the divine remains both transcendent and immanent in the world of creation, these humanists explored through literature how the human spirit can either accede or fail to accede to the secrets of Christian wisdom. *Secrets of Financial Blessing* Johan du Toit, 2010-08 *Secrets of Financial Blessing* is recommended reading for every believer who desires a more fruitful life.
