**Leading at the Speed of Light** Daniel M. Gerstein, 2006-10 A guide for the twenty first century leader

**Assignment: Pentagon** Perry M. Smith, Daniel M. Gerstein, 2007-06-01 The essential guide to working in the Pentagon

**Securing America's Future** Daniel M. Gerstein, 2005-09-30 Examines the history of US national security strategy and he analyses the results and conclusions of several key documents including the 9 11 Commission Report This book coordinates all aspects of US national security legislation and looks at both hard power and soft power

National Security and Arms Control in the Age of Biotechnology Daniel M. Gerstein, 2013-05-23 This book accessibly and expertly details the history and implications of the BWC the Biological and Toxin Weapons Convention a controversial arms control agreement drafted in the 1970's meant to supplement the Geneva protocol for warfare from decades earlier That treaty banned the use of biological weapons in modern warfare but failed to ban their development transport or trafficking holes the BWC aimed to fill but are still contested to this day Daniel M Gerstein a Deputy Under Secretary in the Department of Homeland Security and Adjunct Professor at American University traces the origins of the treaty and its many complications past and present while prescribing a way for the world's leaders to move forward with regards to what Gerstein sees will be and already is the most important arms control treaty of the 21st Century This will only become more pronounced as exponential advances in biotechnology continue to occur The strength and enforcement of the treaty are at a crossroads and it is important for both professionals and students of the political military and international affairs to know exactly what a failure to honor improve and uphold the BWC would mean for international security

Defence in a Changing World Mathias Voss, 2021-03-12 Was bedeutet Verteidigung wo f ngt sie an und wo endet sie Der Autor zeigt eine Vielzahl wichtiger Facetten auf stellt neue Methoden f r die Diskussion zur Verf gung und kommt zu konkreten Ableitungen um sich dem Begriff zu n hern Da die Frage nicht nur aus akademischer Sicht interessant sondern auch zentral f r die aktuelle Diskussion zur Ausrichtung der NATO ist wendet sich das Buch an

Forschende und Praktiker gleichermaßen Der Autor beleuchtet den nebulösen Begriff und dahinterstehende Konzepte aus ganz unterschiedlichen Blickwinkeln historisch politisch rechtlich und militärisch und entwickelt daraus das Modell der Strategic Analysis das zentrale Fragestellungen sichtbar und greifbar macht Eine große Rolle spielt in der Betrachtung das Verteidigungsverständnis der NATO von der Gründung über die drei Phasen ihrer Geschichte bis in die heutige Zeit Im ständigen Wandel der globalen Rahmenbedingungen werden immer neue Anforderungen an die Verteidigung der Allianz gestellt Von den grundsätzlichen Überlegungen zur Verteidigung leitet der Autor konkrete Empfehlungen für den laufenden Anpassungsprozess der NATO ab

*Exporting Security* Derek S. Reveron, 2016-07-23 In this thoroughly updated second edition Derek S. Reveron provides a comprehensive analysis of the shift in US foreign policy from coercive diplomacy to cooperative military engagement The US military does much more than fight wars it responds to humanitarian crises and natural disasters assists advanced militaries to support international peace and trains and equips almost every military in the world Rather than intervening directly the United States can respond to crises by sending weapons trainers and advisers to assist other countries in tackling their own security deficits created by subnational transnational and regional challengers By doing so the United States seeks to promote partnerships and its soft power strengthen the state sovereignty system prevent localized violence from escalating into regional crises and protect its national security by addressing underlying conditions that lead to war Since coalition warfare is the norm security cooperation also ensures partners are interoperable with US forces when the US leads international military coalitions *Exporting Security* takes into account the Obama administration's foreign policy the implications of more assertive foreign policies by Russia and China and the US military's role in recent humanitarian crises and nation building efforts

**Bioterror in the 21st Century** Daniel M. Gerstein, 2009-09-01 Daniel Gerstein draws on twenty nine years of experience in the security and defense sectors to address the threat of bioterrorism in the twenty first century He warns that while the proliferation of knowledge and capabilities in the field of biotechnology offers ever increasing opportunities for scientific breakthroughs the potential for the misuse of that knowledge also increases Gerstein takes a classic game theory approach in his analysis of the potential for a bioterror attack in the future His examination provides an objective capability for assessing threats understanding emerging trends and developing mitigation strategies However in the end the book is less about predicting future behavior than about understanding the framework in which dangerous capabilities are allowed to proliferate The study also makes a valuable contribution to the debate over perceived threats and vulnerabilities in this new global environment

*Encyclopedia of Terrorism, Revised Edition* Cindy C. Combs, Martin W. Slann, 2007 Presents a reference guide to terrorism throughout the world including history terrorist groups and notorious acts of terrorism

**Terrorism and Homeland Security** Paul Viotti, Michael Opheim, Nicholas Bowen, 2008-06-17 Despite the fact that the Department of Homeland Security DHS has been active since November of 2002 the American homeland is still not secure from terrorist attack What passes as DHS strategy is often just a list of objectives

with vague references to the garnering of national resources and the marshalling of support from other nations Drawl

### **France and the American Civil War**

Stève Sainlaude,2019-02-05 France's involvement in the American Civil War was critical to its unfolding but the details of the European power's role remain little understood Here Stève Sainlaude offers the first comprehensive history of French diplomatic engagement with the Union and the Confederate States of America during the conflict Drawing on archival sources that have been neglected by scholars up to this point Sainlaude overturns many commonly held assumptions about French relations with the Union and the Confederacy As Sainlaude demonstrates no major European power had a deeper stake in the outcome of the conflict than France Reaching beyond the standard narratives of this history Sainlaude delves deeply into questions of geopolitical strategy and diplomacy during this critical period in world affairs The resulting study will help shift the way Americans look at the Civil War and extend their understanding of the conflict in global context

The Global Village Myth Patrick Porter,2015-02-27 According to security elites revolutions in information transport and weapons technologies have shrunk the world leaving the United States and its allies more vulnerable than ever to violent threats like terrorism or cyberwar As a result they practice responses driven by fear theories of falling dominoes hysteria in place of sober debate and an embrace of preemptive war to tame a chaotic world Patrick Porter challenges these ideas In The Global Village Myth he disputes globalism's claims and the outcomes that so often waste blood and treasure in the pursuit of an unattainable total security Porter reexamines the notion of the endangered global village by examining Al Qaeda's global guerilla movement military tensions in the Taiwan Strait and drones and cyberwar two technologies often used by globalists to support their views His critique exposes the folly of disastrous wars and the loss of civil liberties resulting from the globalist enterprise Showing that technology expands rather than shrinks strategic space Porter offers an alternative outlook to lead policymakers toward more sensible responses and a wiser more sustainable grand strategy

Embraced and Engaged Ron Kirkemo,2010-01-01 What do Joseph Joab Jeremiah and the Beautitudes have to do with a Christian young person in American foreign policy Can a Christian be a diplomat a spy a defense industry scientist Can a Christian impact foreign affairs as a member of Congress Amid counsels for Christians to withdraw from the worlds of government and its power and self interest Ron Kirkemo argues a person embraced by God's grace should be engaged in the nation's purposes and the movement of history Through such engagement God's children can impact history but they will inevitably face ethical issues This book is not about the policy of foreign policy but about people conducting policy the ethical issues they may and will face and strategies for keeping one's First Love their first love Is government ordained by God or history a movement of fate If not God's grace becomes a central factor in life Is America headed the way of Babylon If not or if maybe then Christians need to engage the intellectual and operational aspect of policy to prevent that decline and prevail

against enemies Is there a disconnect between the traits for success in foreign affairs and the servant leadership model espoused by many Christian colleges and universities Kirkemo engages these issues and urges students to consider the Rhodes Ideal for shaping their years in college This book will at times provoke controversy but it always hopes to inspire and enlighten as it interprets history and Scripture describes professional life gives insight offers counsel and affirms one's openness to God and growth in spiritual life Based on a lifetime of theological reflection scholarship and experience Ron Kirkemo offers timely wisdom based on timeless truths His book is a passionate nuanced and original guide grounded with equal depth in the Christian tradition and the policy world For Christians it will serve to inform current policy professionals and one hopes to inspire a new generation to faithful service in the two kingdoms William Inboden author of Religion and American Foreign Policy 1945-1960 The Soul of Containment While this thoughtful and perceptive book particularly challenges young Christians to work in the foreign policy arena its discussion can be an aid to Christians of all ages The author not only provides different lessons that can be drawn from biblical narratives but he outlines the complexities which confront policy makers as well as the particular challenges which confront Christians who choose to work within the field and remain faithful to their Christian principles Corwin Smidt Calvin College Embraced and Engaged is a wonderfully written and scholarly textbook that helps students explore opportunities for serving their country in the foreign policy arena Embraced and Engaged would be very suitable for a foreign policy or international relations course Anyone interested in developing a more in depth and Christian perspective of foreign policy would also benefit from reading this book Chris McHorney California Baptist University
