Track Two Diplomacy Between India and Pakistan Samir Ahmad, 2023-11-23 Track Two Diplomacy between India and Pakistan studies the nature and context of providing an alternative platform for conflict resolution between the two countries. Considered one of the most intractable conflicts in the world the India Pakistan conflict has been defined by casualties religious extremism and the looming threat of war. With the conflict playing out against the backdrop of many nationalisms official Track One diplomacy remains insufficient. The author analyses the role of Track Two diplomacy when official diplomacy remains confined and sensitive to their respective official positions as well as the contribution of maintaining various communication lines intact when official channels are suspended and inaccessible. In this context this book explores citizen led diplomatic efforts probing the economic and ideological forms of power that influence this mode of diplomacy outside governmental channels. The book is a general evaluation of the Track Two process in terms of its achievements challenges and failures vis vis India and Pakistan. An original contribution towards the development of a

Making of Indian Diplomacy Deep K. Datta-Ray,2015-05-21 Diplomacy is conventionally understood as an authentic European invention which was internationalised during colonialism For Indians the moment of colonial liberation was a false dawn because the colonised had internalised a European logic and performed European practices Implicit in such a reading is the enduring centrality of Europe to understanding Indian diplomacy This Eurocentric discourse renders two possibilities impossible that diplomacy may have Indian origins and that they offer un theorised potentialities Abandoning this Eurocentric model of diplomacy Deep Datta Ray recognises the legitimacy of independent Indian diplomacy and brings new

practices He creates a conceptual space for Indian diplomacy to exist forefronting civilisational analysis and its focus on continuities but refraining from devaluing transformational change **The Book Review** ,2005 Arming without Aiming
Stephen P. Cohen,Sunil Dasgupta,2013-01-14 India has long been motivated to modernize its military and it now has the resources But so far the drive to rebuild has lacked a critical component strategic military planning India s approach of arming without strategic purpose remains viable however as it seeks great power accommodation of its rise and does not want to appear threatening What should we anticipate from this effort in the future and what are the likely ramifications Stephen Cohen and Sunil Dasgupta answer those crucial questions in a book so timely that it reached number two on the nonfiction bestseller list in India Two years after the publication of Arming without Aiming our view is that India s strategic restraint and its consequent institutional arrangement remain in place We do not want to predict that India s military strategic restraint will last forever but we do expect that the deeper problems in Indian defense policy will continue to slow down military modernization from the preface to the paperback edition **One Hundred Years of Kautilya's Arthashastra**
