Jrade, 2012-07-10 Delmira Agustini 1886 1914 has been acclaimed as one of the foremost modernistas and the first major woman poet of twentieth century Spanish America Critics and the reading public alike were immediately taken by the originality and power of her verse especially the aggressively sexualized perspective never before found in texts written by Spanish American women Agustini sought like the men around her to free herself and her writing from traditional sexual limitations Even more daringly she responded to their language with her own feminized discourse developing an innovative way of expressing her sexual and artistic expressions Book jacket

**Conversations with Joyce Carol Oates** Joyce Carol Oates, 1989 These twenty five interviews with Joyce Carol Oates from early in her career to the present are the first such collection to be published In these conversations from sources as diverse as major news magazines and small scholarly journals Oates candidly talks about her work her concepts of literature her methods of writing and many other topics Throughout this anthology Oates discusses how her writing paints a modern panorama of American life Oates described her vast canvas to an interviewer I could not take the time to write about a group of people who did not represent in their various struggles fantasies unusual experiences hopes etc our society in miniature She also comments upon her responsibility as an artist to bear witness to certain aspects of society In this light she responds to criticisms that violence seems to dominate her work by noting that one simply cannot know strengths unless suffering misfortune and violence are explored quite frankly by the writer In addition to discussing her works from her first book *By the North Gate* 1963 to her most popular novel *You Must Remember This* 1987 this prolific writer also answers questions about her writing habits These interviews spanning nineteen years reveal a vivid portrait of Joyce Carol Oates writing as the conscience of society as the creator of memorable prose and poetry and as the artist deeply committed to a unique vision

**Breaking the Sequence** Ellen G. Friedman,Miriam Fuchs,2014-07-14 These nineteen essays introduce the rich and until now largely unexplored tradition of women s experimental fiction in the twentieth century The writers discussed here range from Gertrude Stein to Christine Brooke Rose and include among others Virginia Woolf Jean Rhys Jane Bowles Marguerite Young Eva Figs Joyce Carol Oates and Marguerite Duras Friedman and Fuchs demonstrate the breadth of their research first in their introduction to the volume in which they outline the history of

the reception of women's experimental fiction and analyze and categorize the work not only of the writers to whom essays are devoted but of a number of others too and second in an extensive and wonderfully useful bibliography Emma Kafalenos *The International Fiction Review* After an introduction that is practically itself a monograph eighteen essayists too many of them distinguished to allow an equitable sampling take up three generations of post modernists *American Literature* The editors see this volume as part of the continuing feminist project of the recovery and foregrounding of women writers Friedman and Fuchs's substantive introduction excellently synthesizes the issues presented in the rest of the volume Patrick D Murphy *Studies in the Humanities* Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Contemporary American Women Fiction Writers** Laurie Champion, Rhonda Austin, 2002-11-30 American women writers have long been creating an extraordinarily diverse and vital body of fiction particularly in the decades since World War II Recent authors have benefited from the struggles of their predecessors who broke through barriers that denied women opportunities for self expression This reference highlights American women writers who continue to build upon the formerly male dominated canon Included are alphabetically arranged entries for more than 60 American women writers of diverse ethnicity who wrote or published their most significant fiction after World War II Each entry is written by an expert contributor and includes L DBLA brief biography L DBLA discussion of major works and

themes DBLA survey of the writer s critical reception L DBLA bibliography of primary and secondary sources **Modern literature** Swann Galleries (New York),1828 *Thaïs. Crainquebille, and other stories* Anatole France,1924 **Mont oriol and other stories** Guy de Maupassant,1909 *Bachelors, Bastards, and Nomadic Masculinity* Robert Fagley,2014-11-19

Bachelors Bastards and Nomadic Masculinity is firstly a thematic exploration of bachelor figures and male bastards in literary works by Guy de Maupassant and Andr Gide The coupling of Maupassant and Gide is appropriate for such an analysis not only because of their mutual treatment of illegitimacy but also because each writer represents varieties of bachelors and bastards from disparate social classes and subcultures each writing during contiguous moments of socio legal changes particularly related to divorce law and women s rights which consequently have great influence on the legal destiny of illegitimate or natural children Napoleon s Civil Code of 1804 provides the legal patriarchal framework for the period of this study of illegitimacy from about 1870 to 1925 The Civil Code saw numerous changes during this period The Naquet Law of 1884 which reestablished limited legal divorce represents the central socio legal event of the turn of the century in matters of legitimacy whereas the Franco Prussian War of 1870 and the First World War furnish chronological bookends for this book Besides through history law and sociology this book treats illegitimacy through the lens of various branches of gender and sexual theory particularly the study of masculinities and a handful of other important critical theories most importantly those of Michel Foucault Eve Sedgwick Todd Reeser Charles Stivale and Gilles Deleuze and F lix Guattari Bachelors and bastards are two principal players in the representation of illegitimacy in Maupassant and Gide but this study considers the theme of illegitimacy as extended beyond simple questions of legitimate versus illegitimate children The male bastard is only one of the Counterfeit characters examined in these authors fictional texts This book is divided into three parts which consider specific thematic elements of their bastard narratives Part One frames the representation in fiction of bachelor figures and how they contribute to or the roles they play in instances of illegitimacy Part Two springs from and develops the metaphor of the counterfeit coin whether represented by a bastard son an affected schoolboy a false priest or a pretentious litt rateur Part Three explains the concept of nomadic masculine practices such practices include nomadic styles of masculinity development as well as the bastard s nomadism **Sur L'eau and Other Stories** Guy de Maupassant,1922 **Fame and sorrow and other stories** Honoré de Balzac,1899 *The Old Maid and Other Stories* Guy de Maupassant,1909 *The Thousand Eugénias and Other Stories* Cecily Ullmann Sidgwick ("Mrs. Alfred Sidgwick."),Mrs. Alfred Sidgwick,1902
