A study of attitudes toward homicide is therefore a method of examining social values in a specific setting
Homicide in American Fiction 1798 1860 is the first book to contrast psychological assumptions of imaginative writers with certain social and intellectual currents in an attempt to integrate social attitudes toward such diverse subjects as human evil moral responsibility criminal insanity social causes of crime dueling lynching the unwritten law of a husband s revenge and capital punishment
In addition to works of literary distinction by Cooper Hawthorne Irving and Poe among others Davis considers a large body of cheap popular fiction generally ignored in previous studies of the literature of this period
