more **Read Me a Tree, Rhyme Me a Bee** Heather McNeil, 2025-07-10 Experts agree that it is essential for children to spend time exploring and enjoying the outdoors when they come back in. Librarians and teachers can supplement their adventures with nature storytimes. In this comprehensive book full of storytime plans, veteran children's librarian Heather McNeil recommends storytime books that encourage respect for nature and an understanding of the fragility of ecosystems. Each chapter includes crafts, games, songs, and rhymes that focus on learning about and appreciating nature. Some crafts use items from the outdoors; others represent nature's beauty or mystery. Storytime plans include all the components of a successful storytime: books, songs, movement, and creative participation. Librarians and early elementary teachers will enjoy using this book to support literacy and social-emotional goals while helping children develop an appreciation of the natural world. **Video Source Book**, 2006 A guide to programs currently available on video in the areas of movies, entertainment, general interest, education, sports, recreation, fine arts, health, science, business, industry, children, juvenile, how-to, instruction.

*Bowker's Complete Video Directory 2001*, 2001 *Bowker's Complete Video Directory*, 2000 **Caring for Place** E N Anderson, 2014-03-31 How can cultural forms motivate people to care about their environment? While important scientific data about ecosystems is mushrooming, E N Anderson argues in this powerful new book that putting effective conservation into practice depends primarily on social solidarity and emotional factors. Marshaling decades of research on cultures across several continents, he shows how societies have been more or less successful in sustainably managing their environments based on collective engagements such as religion, art, song, myth, and story. This provocative and deeply felt book by a leading writer and scholar in human ecology and anthropology will be read and debated widely for years to come. **GIST OF NCERT Geography Classwise Class 6-12 (9 Books in 1)** Mocktime Publication, GIST OF NCERT Geography Classwise
