**As You Seek so Shall You Find** Barbara Knapp, 2016-12-29  
The content of this book is about the awakening of the soul and the connection to our source of life. As we evolve and grow spiritually we begin to search and seek for answers to some of the questions we have in our minds. We look for the purpose of our existence and what that all means. In seeking you find that there really is a higher purpose and that your soul yearns to find that. The soul begins the process of awakening and begins its ascension back to its source. This is the journey of the soul.

**Because I Don't Have Wings** Philip Garrison, 2022-10-04  
For Mexican workers the agricultural valleys of the inland Northwest are a long way from home. But there they have established communities, settlements recent enough that it feels like these newly arrived immigrant Mexicanos are pioneers still getting used to the Anglos and to each other. This book looks at the inner lives of Mexican immigrants in a northwestern U.S. boomtown, a loose collection of families from Michoacán and surrounding states living a mere 150 miles from Canada. They are more isolated than most Mexican communities closer to home and they endure severe winters that make life more difficult still. Neighborhoods form, dissolve, and reform. Family members who leave may stay in touch but friends very often simply vanish leaving only their nicknames behind. Without a market or a plaza residents meet at weddings, christenings and funerals or at the food bank. Philip Garrison has spent most of his life in this region and shares in vivid prose tales of immigrant life both contemporary and historical revealing the dual lives of first generation Mexican immigrants who move smoothly between the Yakima Valley and their homes in Mexico. And with a scholar's eye he examines figures of speech that reflect Mexican feelings about immigrant life.

**Augustine's Invention of the Inner Self** Phillip Cary,2003-04-03 In this book Phillip Cary argues that Augustine invented the concept of the self as a private inner space a space into which one can enter and in which one can find God Although it has often been suggested that Augustine in some way inaugurated the Western tradition of inwardness this is the first study to pinpoint what was new about Augustine s philosophy of inwardness and situate it within a narrative of his intellectual development and his relationship to the Platonist tradition Augustine invents the inner self Cary argues in order to solve a particular conceptual problem Augustine is attracted to the Neoplatonist inward turn which located God within the soul yet remains loyal to the orthodox Catholic teaching that the soul is not divine He combines the two emphases by urging us to turn in then up to enter the inner world of the self before gazing at the divine Light above the human mind Cary situates Augustine s idea of the self historically in both the Platonist and the Christian traditions The concept of private inner self he shows is a development within the history of the Platonist concept of intelligibility or intellectual vision which establishes a kind of kinship between the human intellect and the divine things it sees Though not the only Platonist in the Christian tradition Augustine stands out for his devotion to this concept of intelligibility and his willingness to apply it even to God This leads him to downplay the doctrine that God is incomprehensible as he is convinced that it is natural for the mind s eye when cleansed of sin to see and understand God In describing Augustine s invention of the inner self Cary s fascinating book sheds new light on Augustine s life and thought and shows how Augustine s position developed into the more orthodox Augustine we know from his later writings      *NEET 2019 Biology Guide - 6th Edition* Disha Experts, The thoroughly revised updated 5th Edition of NEET 2018 Biology Must for AIIMS JIPMER is developed on the objective pattern following the chapter plan as per the NCERT books of class 11 and 12 The new edition is empowered with an additional exercise which contains Exemplar past 5 year NEET 2013 2017 questions Concept Maps have been added for each chapter The book contains 38 chapters in all as per the NCERT books Each chapter provides exhaustive theory followed by a set of 2 exercises for practice The first exercise is a basic exercise whereas the second exercise is advanced The solutions to all the questions have been provided immediately at the end of each chapter The complete book has been aligned as per the chapter flow of
