of a cat as masterpiece in motion There is no doubt cats are fascinating creatures from the tip of their ears all the way to their furry little toes Cats have a rich history going back many years long before you and I were even born Many nations but especially ancient Egypt worshiped cats as gods and goddesses Some Egyptians loved their cats like family and gave them beautiful jewelry to wear around their necks However other nations feared this unique creature and tried to destroy them only to realize much later how important cats truly are Thankfully cats survived and today are one of the most popular pets in the United States But they are not only pets Did you know some cats even ran for office In the small town of Talkeetna Alaska a fun loving cat called Stubbs won the election And it has been reported that he s an excellent mayor But that s not all He even has his own Facebook page affectionately called Mayor Stubbs Cats and dogs also have quite an interesting history even though most people claim the animals hate each other on sight While that may be true in some cases in others it is quite the opposite The Journal for Applied Animal Behavior Science published an article in 2008 which explained the problem between cats and dogs It s something that affects us as people too Have you guessed yet Well it s quite simple It s called lack of communication Don t be surprised at this fact Just like us if cats and dogs don t talk things out they won t get along So the Journal noted the importance of introducing the feline and the canine Cat and dog early on in life In other words they should be introduced at less than 6 months old If they are then both cat and dog will understand each other and coexist together in peace Kitten Puppy playing together Perhaps this plan will not work for every single cat but it s worth a try Of course cats have a very unique personality and some may even be a bit moody But on the whole they are a beautiful expression of nature s great diversity
