Alive, 2004 Seiichi Furuya: alive Seiichi Furuya, Camera Austria (Graz), 2004 Alive - Seiichi Furuya, 2004

Alive Seiichi Furuya, Monika Faber, 2004 This text incorporates Furuya's rich work created during the last 25 years in Europe, Japan and the USA. It provides a survey of the ways in which this Japanese photographer laconically responded to a variety of subject matter. **Death, Dying, Culture: An Interdisciplinary Interrogation** Lloyd Steffen, Nate Hinerman, 2019-01-04 This volume was first published by Interdisciplinary Press in 2013. This inter- and multi-disciplinary volume examines how culture impacts care for the dying, the overall experience of dying and ways the dead are remembered. Over the past three decades, scholarship in thanatology has increased dramatically. This text localizes a broad array of perspectives that research, analyze and interpret the many interrelations and interactions that exist between death and culture. Culture not only presents and portrays ideas about a good death and norms that seek to achieve it, but culture also operates as both a vehicle and medium through which meaning about death is communicated and understood. Sadly too, culture sometimes facilitates death through violence. **Encyclopedia of Twentieth-Century Photography, 3-Volume Set** Lynne Warren, 2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide-ranging interdisciplinary manner. This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force. This Encyclopedia presents the important developments, movements, photographers, photographic institutions and theoretical aspects of the field along with information about equipment, techniques and practical applications of photography. To bring this history alive for the reader, the set is illustrated in black and white throughout and each volume contains a color plate section. A useful glossary of terms is also included. *Camera Austria International* MdM Salzburg, 2018 The objective of this publication is to trace and describe the artistic and institutional decisions that have influenced the work of Camera Austria, which has been made visible through numerous exhibitions and symposiums on photography and since 1980 by the magazine Camera Austria International. Operating through a comprehensive network of photographers, academics and art critics from all over the world, the laboratory Camera Austria has shaped the photographic culture both internationally and regionally. At the centre of the book are positions of artists that Camera Austria has worked with for exhibitions who have presented their work at the symposiums and contributed to the magazine. *Border Crossings*, 2000 Erni - Fischer Wilhelm Kosch, 2011-11-10 Das Deutsche Literatur Lexikon.
